Nacim Goura

Web developer

👤 Profile

I am soon graduating from a master's degree in computer science. I would like to work abroad in order to improve my skills while learning a new culture.

💼 Employment history

Backend Developer at IDfr, Besançon
October 2016 – October 2018

Currently, I work part time (study the rest of the time). I use NodeJS to make fast and robust applications. I also work with MeteorJS and Python.

Frontend Developer at BreakFirst, Lyon
September 2015 – September 2016

I worked with BackboneJS to create an interactive and educational game application. I was receiving data from a restful API.

Fullstack Developer at Digischool Europe, Lyon
April 2015 – July 2015

As part of my training, I did a 10-week internship in this company that deals with education. I was doing php development, mainly with Symfony 2.

🎓 Education

Master in web development and information systems, Ingesup, Lyon
October 2016 – September 2018

professional bachelor's degree in web and mobile development, IUT LYON 1, Lyon
September 2015 – September 2016

Computer OTC, IUT LYON 1, Lyon
September 2013 – July 2015

📕 Courses

Front End Development Certification, freeCodeCamp
January 2018 – February 2018

📊 Personal project

instagram-profilecrawl
April 2017 – February 2018

This open source program allows you to retrieve the content of an instagram profile quickly. link : https://github.com/nacimgoura/instagram-profilecrawl
